

BNP IN TURMOIL

SADIE GRAHAM EXPELLED!

Burglary of Brinsley councillor's home – BY HER OWN PARTY!

After Brinsley councillor Graham claimed that the BNP Leader's main assistant is an open Nazi the BNP 'Security Team' raided her house! Any correspondence you may have had with your councillor could have been taken in the 'burglary' ... and now be in hands of a party which Cllr Graham acknowledges has Nazis in senior positions!

Some questions for Cllr Graham:

JUST WHAT IS GOING ON?

The Broxtowe branch of the British National Party has been thrown into turmoil after Sadie Graham—local party leader and councillor for Brinsley—was unceremoniously expelled from the organisation.

The BNP claim that Graham and several associates have been involved in a plot to remove Nick Griffin from the leadership.

GRAB FOR POWER

Sadie Graham is being booted out of the BNP. But she is not being booted out for taking a stance against the anti-democratic, racist and violent ideas of the party. She is being expelled after a botched attempt to take over the party itself.

Rather than spend time addressing the concerns of the people of Brinsley, Graham has been fighting to control a party she now admits is heavily penetrated by open Nazis. Graham has a reputation for being a highly organised and intelligent person. In fact she's proven herself to be little better than the squabbling characters in a second-rate gangster film. Her attacks on fellow BNP members have exposed the true nature of the party for all to see.

STRAIGHT FROM THE HORSES MOUTH

Graham's 'Enough is Enough' website describes leading figures in the BNP as "sleazy, lying, incompetent scumbags". If that isn't bad enough she goes on to quote Mark Collett—the BNP publicity officer—as saying: "Hitler will live on forever and maybe I will too" and "I like to break people. When you've broken them and

sucked that last bit of life out of them. That's it." Nice company she's been keeping.

QUESTIONS

Should you be lucky enough to meet Sadie Graham on the street—if she's not too busy plotting her next move that is—then try one or more of the following questions:

- If the BNP leadership are a bunch of "scumbags" why have you brought them into Brinsley?
- How long have you known about Mark Collett's views?
- Why have you only recently chosen to expose him?
- Why describe him as an merely an "embarrassment"? Surely his disgusting comments are more than just embarrassing?
- If the BNP is not a racist, fascist organisation (as Graham claims) why does it employ people with those views?

TIME FOR CHANGE IN BRINSLEY

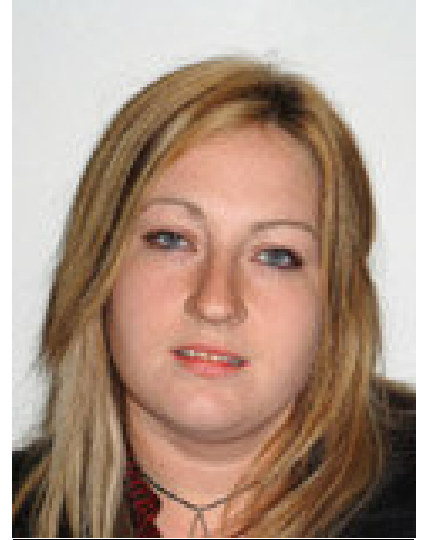

In exposing the nasty underbelly of BNP politics, Cllr Graham has exposed her own politics.

It's time for a change, it's time to get organised.

GET RID OF THE BNP FROM BRINSLEY...

And get rid of the people like Borough Cllr Graham and Parish Cllr Brown who have covered for them, have hidden the truth about them and brought them into this village!

What is the BNP?

The BNP is an explicitly racist, fascist organisation, with connections to Nazi groups abroad. **It was founded following a split from the openly Nazi organisation, the National Front.** Fascism is a violent ideology and upsurges in racial violence have followed whenever fascists have come to power.

The BNP have a long and well-documented record of violence against those people they oppose: the black community, gays and lesbians, and their political opponents.

They are anti-trade union and are against the democratic rights that working people have fought for and won

The BNP may try to act respectably these days, but even in 2007 BNP councillors and former Parliamentary candidates have been convicted for violent and racist crimes.

They would like you to think that they are different to the other political parties, that they are honest and have people's interests at heart. Their councillors have not lived up to any of the wild promises they've made. Some of them don't even show up at the council chamber and others have been forced to resign due to incompetence.

The BNP pretends to speak for ordinary men and women, but they don't—they speak for racist violence.

Nottinghamshire Stop the BNP is an organisation committed to fighting fascism. We are not dominated by any one political party, and believe in a grassroots response to the threat that organisations such as the British National Party pose.
